

Examination table with integrated scale

7857

- ▶ Electrical height adjustable table
- ▶ Quick and easy one-key operation of the scale
- ▶ Weighing up to 150 kg

Features

This veterinary examination table with integrated scale is designed for daily use in veterinary surgeries. As a treatment or operating table it offers the possibility to weigh the animals at the same time. The animal in need of treatment therefore does not have to be relocated to another scale.

- ▶ Quick and easy one-key operation of the scale
- ▶ Easy to read LC-Display, 20 mm digit height
- ▶ Hold function: For easy reading of the weight value after weighing
- ▶ Tare function: covers / pads can be tared
- ▶ Display made of high-quality and durable plastic
- ▶ Large stainless steel weighing platform (type 304L/18/10)
- ▶ Electrical height adjustable table from 40-95 cm with electric pedal
- ▶ Construction of a scissors lift table
- ▶ Technical data of the motor: 220 V, 400 Watt
- ▶ Units in kg or lb
