

Counting scale

9221

- ▶ Large database with 1,000 memory locations
- ▶ Quick product access via 5 direct buttons
- ▶ Ideally suited as inventory scale
- ▶ USB interface for PC connection
- ▶ 3 backlit LCD displays, digit height 19 mm

Features

The Professional Inventory Scale calculates automatically the unit quantity from the known or acknowledged quantity Weight. A one-time entry of the value is sufficient due to the extensive memory opportunities. Target values for keeping upper and lower limits can be set manually. An exact counting is possible through the automatic reference optimisation.

- ▶ Large database with 1,000 memory locations for item number, reference weight, tare weight
- ▶ Quick product access via 5 direct buttons - Ideally suited as inventory scale
- ▶ USB interface for PC connection, incl. 3 m data cable
- ▶ 3 backlit LCD displays, digit height 19 mm
- ▶ Power supply 9 V
- ▶ Integrated 6 V lead-gel battery for approx. 100 hours operating time
- ▶ Dimensions: 370 x 360 x 130 mm
- ▶ Scale own weight: 5 kg
- ▶ Includes software for PLU management (System requirements: Windows 7/8/10)
